CODA Domestic Violence Program Children Overcoming Domestic Violence

The Early Help Team in Barnet are offering a 12 - week Women's Support Group for women who have experienced domestic violence and have children living in Barnet.

This group aims to support the non-abusive parent to promote safer relationships, raise their self-esteem, increase their understanding of conflict, and address their children's needs. It is preferable that women are separated from the perpetrator. The group aims to help women understand the impact of domestic violence and conflict on children and young people.

Parenting techniques are covered in the context of when children have lived with abuse.
