Subject: Fwd: Concerns Regarding the Edgware Policy in the Barnet Local Plan Main Modifications

I am writing to express my concerns regarding the Edgware Policy in the Main Modifications to the Barnet Local Plan.

My family currently shop in Edgware Town Centre regularly, we regularly have coffee, brunch or lunch **in town and We use two banks**. We mostly use the car park due to mobility issues and without the car park we would have to drive to Borehamwood to shop. My daughter uses the commuter car park on the weeks when she works the late shift and without the car park she would likely have to move from the job she loves.

As a resident of the wider Edgware area I understand the plan has been under development since 2020. However, I only recently became aware of its existence and it's potential impact on our community.

Unfortunately, I haven't received any written communication from Barnet Council about the Local Plan, despite its significance for Edgware's future. Given the potential for significant change to Edgware's character and resident's quality of life, I believe wider notification would have been helpful.

I found the volume and complexity of the Local Plan and the related documents overwhelming. The 42-day consultation period seems insufficient for anybody to comprehend the plan's details - especially for anyone with work or caring commitments.

However, I am deeply concerned about the impact of the Local Plan on Edgware and it's residents, both present and future. In light of these concerns, I would like to express my support for any representations made by Save Our Edgware and the Edgware Community Association. Please consider their submissions as reflecting my own concerns.

Yours sincerely
