I am writing to express my concerns regarding the Edgware Policy in the proposed Main Modifications to the Barnet Local Plan.

I and my family have lived in Edgware for over a decade and are regular users of the amenities that Edgware offers, including parking, shopping, healthcare, local GP, library, and green spaces – to name just a few.

I was not given written notice from Barnet Council about the Local Plan, which in light of its potentially huge impact on Edgware in multiple ways suggests that the Council is either disinterested in local resident views or is actively avoiding confronting them.

As awareness of the Local Plan has grown, it has been uniformly criticized by everyone with whom I have discussed it. It is a complicated proposal with far reaching impact that will have effects for generations – nearly all negative. I do not feel that there has been anything like enough consultation in connection with this plan.

I support Save Our Edgware and the Edgware Community Association and ask that their submissions be considered as reflecting my own concerns.

Yours sincerely

Ian Myers
