My Name is Lalit Dabasia

I reside at [REDACTED]

I am writing to express my concerns regarding the Edgware Policy in the main Modifications to the Barnet Local Plan

Me and my family use the Edgware tube Station for commuting to the city. We shop at Broadwalk and the many independent local shops on the high street. We use the banks on the high street. Our relations are in in Hendon, Colindale and Golders Green. The disruptions to the services will impact us greatly.

I understand that the plan has been in development since 2020. However i only recently became aware of it's existence and it's potential impact on our community.

Unfortunately, i haven't received any written communication from Barnet Council about the local plan, despite it's significance for Edgware'e future. Given the potential for significant change to Edgware's character and resident's quality of life, i believe wider notification would have been helpful.

I found the volume and complexity of the Local Plan and the related documents overwhelming. The 42 day consultation period seems insufficient for anybody to comprehend the plan details, especially for anyone with work or caring committments.

However, I am deeply concerned about the impact of the local plan on Edgware and it's residents, both present and future.

In light of these concerns, i would like to express my support for any representations made by Save Our Edgware and the Edgware Community Association. Please consider their submissions, as reflecting my own concerns.

Yours sincerely

Lalit Dabasia
