I am writing to express my concerns regarding the Edgware Policy in the proposed Main Modifications to the Barnet Local Plan.

As a resident of Edgware, we use Edgware Town Centre frequently as our main public transport hub. We often do our shopping, social activities and use the car park in the Broadwalk Shopping Centre. The very high density and tall buildings of the proposed new developments will cause a range of problems, such as, transport, parking and the overall availability of green natural spaces. The infrastructure and characters of the town cannot really cope with the proposed very high density tall buildings.

Unfortunately, I haven't received any written communication from Barnet Council about the Local Plan, despite its significance for Edgware's future. Given the potential for significant change to Edgware's character and residents' quality of life, I believe wider notification would have been helpful.

In light of these concerns, I would like to express my support for any **representations** made by Save Our Edgware and the Edgware Community Association. Please consider their submissions as reflecting my own concerns.

Yours sincerely

Mark Liu
