To whom it may concern,

I am writing to submit and formally record my VERY STRONG objection to the proposed ludicrous Edgware development scheme.

First, however, I'd like to point out that your form / process for stating objection to the scheme is onerous and a clear, deliberate and manipulative attempt to confuse people and thus wrongfully deter them from recording their objections.

Secondly, I wholeheartedly support all the representations submitted by Save our Edgware and Edgware Community Association.

Third, I have some specific objections I would like to record:

- Edgware is already severely overcrowded with resources at breaking point
- Crime is already rampant and policing is non-existent
- Public transport services are already overwhelmed and busy
- The traffic in the local area is unbearable
- Taking away the bus station is lunacy

This scheme is clearly nothing but a money grab for you and the Developer with Edgware and its community being the last thing on your list of considerations.

Best,  
Nabila Kazi
