To whom this may concern at planning.

Please save our lovely Edgware town and broadwalk shopping centre, bus station, our lovely restaurants and shops, parking. When we go out we see our lovely family and friends. We already have a terrible time parking. Whilst I am at it please save our Edgware community hospital. Not sure what is going on. It is vital to our Edgware community. Urgent cancer treatment can only get a scan once a week, was as far as I know every day. My doctors surgery are apparently not allowed to send blood test patients to Edgware hospital and so have a cue even if it's urgent. They are trying to close the very needed birthing centre and at royal free hospital. No one answers the phone. You get a message to phone numbers. Not suitable. This is what I know about. It looks like they are trying to close the much needed hospital. Please do not allow this. There is massive waiting list and Edgware hospital could be great in helping and expanding.

We are a lovely community. I oppose the massive building that Ballymoor wants to do. 2 massive buildings have gone up. Was this approved as I thought the tall buildings were being opposed. Does not reflect the town. In short it is a massive plan not sorted for our lovely town and the changes sound horrendous for the people who live in Edgware. Our shopping centre is the heart of our community. Please do not allow Ballymoor or anyone to ruin it. I am all for improving our town in a good suitable way. When we go to the shops it's like seeing our friends.

Please save our lovely Edgware and much needed facilities.

Sincerely,

Mrs Ruth Raeburn.
