Dear all,

I support all the representations submitted by Save Our Edgware and Edgware Community Association. The current form of the Local Plan documents is not easily accessible for ordinary residents to provide informed comments. Also the timeliness for reviewing and absorbing hundreds of pages of technical information is unrealistic for ordinary individuals.

Let us maintain the community buzz at Edgware Broadwalk, from the accessibility of the shops, cafes and to the TFL. Not bombard this suburb of Greater London with towering apartments buildings that block sunlight to its existing residents.

I rave about the reason I moved to this area in the first place; the station, the high street and in particular the Broadwalk!

Please take into consideration the residents that have lived here for a two months, five years, how about 13 years who cherish the accessibility of the Broadwalk and all the amazing retailers that thrive in it- from a place to get your weekly shopping, to a place to treat yourself to a coffee or even to sit down for a moment.

Please save our Edgware.
